PROFILE

Target-driven Business Development professional with hands-on experience in cold outreach and client relationship management across real estate and distribution sectors. Comfortable working with AI-powered tools and eager to bring that skill set to SaaS sales for a WhatsApp-based commerce platform. Known for persistence in pipeline-building, clear communication, and closing the loop from first contact to onboarding.

SELF-INITIATED PROJECTS

Founder & Sales Lead, WhatsApp Marketing for SMEs | Solo Project *Ongoing*

- Independently designed and pitched a WhatsApp-based marketing and automation service aimed at real estate SME dealers, covering catalogue setup, auto-reply systems, and lead engagement.
- Owned the full cycle solo: created marketing creatives and offer positioning, then cold-called and pitched property dealers directly.
- Built hands-on understanding of SME pain points around missed leads, WhatsApp catalogue management, and buyer follow-up — the same problems an AI-powered WhatsApp commerce platform solves.

AI Ad Creative Page — Trending_Craft | Instagram *Ongoing*

- Create AI-generated advertisement creatives for brands entering the market, using Google Flow to produce and iterate on ad content.
- Practical experience turning AI tools into high-converting marketing output for brands.

EXPERIENCE

HR & Sales Executive | Delcon Homes Pvt Ltd, Patna, Bihar *3 Months*

- Worked directly with the sales team to align outreach efforts with monthly revenue goals, adjusting approach based on what converted.
- Coordinated with prospective clients and maintaining strong relationships to support closing and follow-ups.

Sales Coordinator | Golden Era Trading Co. (FMCG Distributor), Delhi, India *3 Months, Part-time*

- Acted as the day-to-day point of contact between the sales team and clients, keeping orders and communication on track.
- Managed billing operations end-to-end using Busy Accounting Software, maintaining accuracy across recurring orders.
- Maintained consistent, on-time order fulfillment through proactive coordination and follow-up.
